THE PROJECT

From **Sharing**, an indispensable sentiment and present in the souls of Lions and Leo, comes a service of the **Third Circumscription** (presided over by Mauro Didò) **united with District 108 IA1**, in favour of the **Alpinia Botanical Garden** in Stresa, locality Alpino.

21 Clubs from Valle D'Aosta to the Vercelli plains united to "Serve" in the **service "A flowered path on the Lake"**. Its aim is to draw attention on various thematic areas aimed at the environment, social, didactics, art and territory, all without neglecting our Lions visibility.

These aims are priority topics that have always been present within our association.

WHAT DOES IT INVOLVE?

The 21 Clubs contributed to the creation of **flowerbeds with medicinal, aromatic and perennial essences** to decorate the path located in the upper part of the Alpinia Botanical Garden.

"A flowered path on the Lake", which can be walked by everyone, even with buggies and prams, where artist **Ruben Bertoldo**'s creation, donated to the Botanical Garden, finds its place. It contains a meaning of life conceived by the artist, leaving a personal thought behind it, thanks to a delicate artistic reference to the tragedy of the Mottarone cable car.

WHO ARE THE LIONS?

All over the world, Lions are ready to make the difference and take action. With more than 1.4 million members, Lions Clubs International is **the world's largest humanitarian service organization**. Today, we are dedicated to helping those in need just as we began doing more than 100 years ago, when our association was born.
